

ONE-DAY SEMINAR

The art of...

Quantum Self-Care

with essential oils

Imagine having ...

- the skills and confidence to use essential oils to 'make a difference' in minutes
- a simple way to energise and balance your Self... and care for your family

Even if you have no prior experience using essential oils, learning how to access their Quantum potentiality adds a whole new dimension that amplifies their benefits for you... and those you love!

According to world-renowned expert and Founder of *Young Living Essential Oils*, Dr Gary Young, 'It's impossible to learn *everything* there is to know about essential oils!' And, thankfully, there's also a much easier way.

Your body can tell you exactly **WHAT** essential oils to use...
And also, **WHERE** and **HOW** to use them!

This empowering and fun one-day workshop equips you with practical skills and a simple-to-perform technique that you can take away and use on yourself any time to:

- identify and target the FOCUS that's your priority
- easily TUNE IN to what your body needs to shift... *and*
- action the steps your system needs to TUNE UP instantly!

"I came away from the day feeling fantastic – and very inspired to keep using the *Living Energy Tune-Up*.

As a busy working Mum, it's meant so much to me having a tool that empowers me to make such a fast shift! Using Jennifer's Quantum approach with the oils, I instantly feel calmer – and also re-energised.

I've continued to 'tune in' and 'tune-up' on a regular basis – at the very least weekly – and the benefits are cumulative. My husband has really noticed the difference, too! The *Living Energy Tune-Up* is a very powerful process!" ~ Dianna Lee
